

Long Island MacArthur Airport

Social Media Comment Guidelines

Our goal is to provide a place for ongoing dialog about airport & aviation-related issues. We think of ourselves as a community of people wishing to be informed of travel news, industry news, travel bargains, local businesses, and news about the airport, our airlines, and the community we serve.

A few things to keep in mind.

1. We want to create an online environment that promotes positive communication.
2. Airlines - not airports - make the decisions on where to fly their aircraft & people.
3. We cannot comment on new or specific air service routes as it presents a barrier to competition.
4. We can't guarantee fares but will post sales & deals when we can.
5. We try to reply to each comment or question personally, although this is sometimes not possible. It may take time to reply to posts & we may miss others as we go about our day-to-day airport business.
6. We cannot comment on personnel issues.
7. We think a little humor can go a long way.
8. We do not provide a forum for fear or untruth.
9. Posts and comments that are never tolerated and will be deleted:
 - a. Profanity.
 - b. Sexual content.
 - c. Personal attacks.
 - d. Rumor-mongering
 - e. Posts on political issues or candidates (pro or con).
 - f. Threats of any kind (will be reported to law enforcement).
 - g. Advertising of others' products or services .
 - h. Posts the airport deems inappropriate or spam.
